Here you will find information about COVID-19 vaccines. Your trusted healthcare team is available to answer your questions and provide you with reliable and up-to-date information.
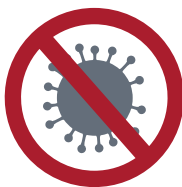

The vaccine is both **safe and effective**.

After COVID-19 vaccination, you may have some side effects. This is a normal sign that **your body is building protection**. Talk to your trusted doctor about any concerns you have about vaccines or the virus.

There is **no cost** to get a COVID-19 vaccine.

COVID-19 vaccines are one of the most important ways to help us **stop this pandemic**.

After getting a COVID-19 vaccine, you will **still need to wear a mask** and **maintain physical distance** from others when outside your home. This, along with vaccination, will help stop the spread of the virus that causes COVID-19 in your community.
