

“I make every effort to understand my patients' needs and concerns, and it’s very rewarding to learn about their lives and see their smiles.”

About Patrick Callender, DO

A childhood fascination with medical books and the art of medicine inspired Dr. Patrick Callender to become a physician. While working in primary care and the U.S. Navy, Dr. Callender has been passionate about providing the highest quality of care and building trusting relationships. “I love interacting with patients,” says Dr. Callender, who is board certified in internal medicine. “I make every effort to understand their needs and concerns, and it’s very rewarding to learn about their lives and see their smiles.”

In his time off, Dr. Callender enjoys discussions with his wife and children, playing games, watching movies, and being active outside. He also dreams of visiting historical sites like those from the Bible.
