

**“I believe it is important to know what your patient’s goals and values are and what they want to achieve in order to work together toward that goal.”**

### **About Amir Goldenberg , MD**

Specializing in Internal Medicine and Obesity Medicine, Dr. Amir Goldenberg strives to provide the best possible care. He considers himself a “health advocate” and loves working with the senior population. “I believe it is important to know what your patient’s goals and values are and what they want to achieve in order to work together toward that goal,” he says. Dr. Goldenberg takes pride in both celebrating his patients’ successes and supporting them during difficult times.

When not with patients, he loves exploring new places and spending time with his family, including several pets. Dr. Goldenberg was born and raised in Peru and has since lived across the United States. One day, he hopes to travel to China, Japan, and India.
