

“My favorite experiences are when a confusing problem is broken down and a patient understands their choices in a way they may never have before.”

About Ryan Brinn, MD

Choosing to work in the medical field was an easy decision for Dr. Ryan Brinn, who was fascinated by his brother’s stitches as a child. Dr. Brinn’s favorite part of his profession is forming strong relationships with his patients. “I feel so honored to be in a profession of trust,” he says. Dr. Brinn strives to remind people they always have a choice in their care and values strong communication between patients, doctors, and specialists. “My favorite experiences are when a confusing problem is broken down and a patient understands their choices in a way they may never have before,” he says.

In his free time, Dr. Brinn enjoys playing basketball and soccer. He also loves spending time with his wife, daughter, and rescue dog.
