

“If doctors can understand the patients’ circumstances and goals, they can better help them reach those goals.”

About Annie Janise, MD

Dr. Annie Janise is passionate about primary and preventative care. “Knowing how the human body is supposed to work and using my education to figure out how to keep it working that way is incredibly rewarding,” she says. Dr. Janise takes pride in truly getting to know each patient. “If doctors can understand the patients’ circumstances and goals, they can better help them reach those goals,” she explains. Dr. Janise loves helping the seniors in her community “obtain high quality health care with the respect and dignity they deserve.”

When not with patients, Dr. Janise can be found spending time with her family or cheering on the Houston Astros. She also enjoys practicing yoga, riding her bicycle, and playing the flute.
