“I feel inspired by the people I treat every day. ”

About Samrita Varde, MD

Growing up, Dr. Samrita Varde was inspired to “honor and serve the senior community.” She explains, “I wanted to be an advocate for the elderly population and healthy aging.” Dr. Varde strongly believes that “all Americans should have access to basic healthcare” and loves being a part of a company that provides just that. She is appreciative of the relationships she forms with patients. “I feel inspired by the people I treat every day,” she says. Dr. Varde takes the time to listen to her patients and “understand their healthcare needs,” so she can implement an individualized care plan.

When not with patients, Dr. Varde loves spending time with her family, friends, and dog, Alfie. She especially likes golfing and being outside.
