“I enjoy taking care of senior patients, as for me, it is very rewarding and satisfying to see the difference we can make in their lives. ”

About Sandhya Narukonda, MD

Dr. Sandhya Narukonda, who specializes in both geriatrics and internal medicine, enjoys connecting with her patients “by being an active listener and validating patients’ concerns.” She loves educating patients and encouraging them to take ownership of their own health. “I enjoy taking care of senior patients, as for me, it is very rewarding and satisfying to see the difference we can make in their lives,” Dr. Narukonda says. To keep up with ever-evolving medical advancements, she often reads journals and attends both regional and national meetings.

When not caring for patients, Dr. Narukonda loves spending time with her family. She also enjoys cooking and participating in outdoor activities.
