About Ahmad Elghoroury, DO

Dr. Ahmad Elghoroury chose a career in medicine to help make a difference in the lives of others. “Family medicine allowed me to keep working with patients for the long term,” he explains. He finds it rewarding to assist the senior population in managing their health. “Helping patients and continually learning new things” is his favorite part of his profession. If he could change anything about the current healthcare system, he would focus on improving health, increasing access, and prioritizing patients. He aims to create a comfortable environment for his patients that encourages open communication.

In his free time, Dr. Elghoroury enjoys golfing, hiking, and snowboarding. He also loves spending time with his friends and family.
