

“I love the one-on-one time with my patients, and I love the challenge of figuring out what is going on and how to best treat.”

About Lisa Robinette, MSN, AGPCNP

Lisa Robinette has “a love for people and a desire to help improve their lives physically and mentally.” She has always enjoyed spending time with the senior population. “I think a lot can be learned from them,” she says. She adds, “I love the one-on-one time with my patients, and I love the challenge of figuring out what is going on and how to best treat.” She believes honesty, trust, and active listening are key in developing relationships. “I take what I do very seriously and try to listen to what the patient needs are,” she explains.

When not caring for patients, Lisa Robinette can be found enjoying time with family and friends or playing with her dog. She also likes reading and working on jigsaw puzzles.
