

“I like to equate my role as a primary care physician in my patient's healthcare journey to that of a coach or a teacher, in that he or she feels better equipped to take care of themselves.”

About Anup Patel, DO

Dr. Anup Patel was inspired to pursue a career in healthcare by his physician father. “The ability to forge strong physician-patient relationships is my favorite aspect of a career in primary care,” he says. He enjoys guiding patients and believes in being “proactive with one’s health rather than reactive.” He explains, “I like to equate my role as a primary care physician in my patient’s healthcare journey to that of a coach or a teacher, in that he or she feels better equipped to take care of themselves.” He considers it an honor to care for the senior population.

Dr. Patel enjoys traveling, rooting for the Eagles, and visiting art museums in his spare time. He also loves spending time with family and friends.
