“The opportunity to make a real difference in people’s lives by offering love, care, and support is what inspired me to enter this field.”

About Candace Solomon, APRN, MSN, FNP

Candace Solomon’s “passion for helping others” began at a young age. “The opportunity to make a real difference in people’s lives by offering love, care, and support is what inspired me to enter this field,” she says. She closely listens to each patient’s individual needs to “help them live healthier, more fulfilling lives.” Candace truly cares about her patients and explains that her “goal is to ensure they feel valued, heard, and supported every step of the way.” She adds that the senior population holds a particularly special place in her heart.

In her free time, Candace can be found going to the beach or worshipping at church with her husband and eight children. “Being a mother is one of my greatest joys,” she says.
