“My goal is to make each person feel heard, respected, and genuinely cared for.”

About Jose Alejandro Rodriguez Reyes, APRN-RN

Having grown up around healthcare professionals, Jose Alejandro Rodriguez Reyes explains that the “firsthand look at the difference they make everyday” led him to pursue a career in medicine. He enjoys caring for the senior population and vows to “contribute to enhancing their well-being and independence.” He likes involving patients in decision-making and always treats people with empathy and dignity. “I’m here to support, guide, and walk beside them, not just treat their symptoms [...] My goal is to make each person feel heard, respected, and genuinely cared for,” he says.

Jose is deeply family-oriented and loves spending his free time with loved ones. He also enjoys reading, learning new things, and staying active through sports.
