About Angel Riveron Leyva, MD

Dr. Angel Riveron Leyva was inspired by his father, who is also a physician, to pursue a career in the medical field. “Seeing the passion with which my father treated his patients and the gratitude of the patients made me choose this great profession that I love with all my heart,” he explains. He treats patients as if they are his parents or grandparents. He strives to build strong, trusting relationships to help patients better care for their health. “We are here to help you and treat you like a member of our family,” he says.

When he is not caring for patients, Dr. Riveron can be found enjoying quality time with his family. He also loves going to the beach, playing chess, and playing sports.
