About Rowel Perez Vargas, MD

“Helping others is an integral part of who I am, and practicing as a doctor allows me to do just that on a daily basis,” explains Dr. Rowel Perez Vargas, who strives to advocate for patients and educate them on their diagnoses and treatments. He explains that by providing emotional support and “building trust through empathy and open communication,” he is able to “empower patients to become active participants in their own care.” He wants patients to know that he genuinely cares about them and will always work to “maintain a comfortable, respectful environment to ensure they feel heard and valued.”

Dr. Perez loves spending his free time with family and friends. He also enjoys watching sports, especially baseball.
