# Julio M. Pagan, MD, FACP

**“I try to relate to every one of my patients on a basic human level.”**

## About Julio M. Pagan, MD, FACP

Julio M. Pagan has always been guided by a natural love of science and a genuine desire to help those in need. He connects with his patients on a deeply human level, seeking out shared experiences and taking the time to truly get to know each person. "I try to relate to every one of my patients on a basic human level," he says. For Dr. Pagan, it's simple — he wants his patients to know that he truly cares. "I try to make a difference in their lives and improve their health," he says.

Outside of the office, Dr. Pagan leads a full and adventurous life. He and his wife enjoy salsa dancing, and he stays active with kayaking and bicycle riding. Above all, he treasures time with his family — three sons and five grandchildren spread across Colorado, Georgia, and New York.
