

Eider Matos, NP

Dedicated Senior
Medical Center
A CHENMED COMPANY

“My goal is to simplify complex care and always advocate for what's best for the patient.”

About Eider Matos, NP

Eider Matos is driven by a clear and meaningful purpose — making a real difference in people's lives through compassionate, evidence-based care. "I chose the senior population because they deserve time, respect, and a proactive approach that improves both quality and longevity of life," he says.

Eider builds trust by listening first and involving patients in every decision. He keeps communication simple, follows up closely, and treats each patient like family. His focus on prevention, early intervention, and personalized care helps reduce hospitalizations, improve daily function, and give patients greater confidence and peace of mind. "My goal is to simplify complex care and always advocate for what's best for the patient," he says. Accessible, honest, and proactive — Eider is the kind of provider patients can count on.

When not with patients, Eider enjoys spending time with his family, staying active, learning new skills, and exploring real estate opportunities.
