

**Dedicated Senior**  
Medical Center  
A CHENMED COMPANY

**“Don't just go through life, but grow through life.”**

#### **About BhadreshKumar Patel, MSN, B.H.M.S, CNP**

With more than 15 years of direct patient care experience, BhadreshKumar Patel was drawn to medicine by a deep desire to help others grow into their healthiest selves. A board-certified Family Medicine Nurse Practitioner (CNP) through Mount Carmel College, he also brings specialized training in holistic medicine and Naturopathy, as well as experience as a family physician in his home country.

BhadreshKumar believes in meeting each patient where they are. *"Don't just go through life, but grow through life,"* he says — a philosophy that shapes every interaction he has with his patients. He takes great pride in helping individuals achieve their health goals while creating a warm, comfortable environment. His fluency in Hindi, Nepali, Gujarati, and English allows him to connect meaningfully with a wide range of patients and their families.

When he is not caring for patients, BhadreshKumar enjoys playing and coaching tennis, spending time with his two little angels, working out, and practicing yoga. He also loves traveling to turquoise islands and volunteers his spiritual services in support of patient wellness.
